

REMARKS

Allowance of the application and claims is appreciated.

Claims 2, 6, 8-10, and 13 have been amended to correct various formalities. Claim 2 in particular has been amended to correct an inadvertent clerical error by changing the word “at” to the word “to”. The word “at” was written twice in advertently (the specification was also amended accordingly). The remaining claims have been amended to correct antecedent basis by changing “colour definition data” to “colour definition data file” as was done already in claim 1 in Applicant’s previous response. Thus, this change is now consistent with the change made in Applicant’s previous response. Also, the term “received” has clear antecedent basis in claims 8 and 13.

No new matter has been added. This amendment is not made only to correct inadvertent clerical errors or formalities and Applicant reserves all rights under the Doctrine of Equivalents.

Entry of this amendment in accordance with 37 C.F.R. 1.312 and MPEP 714.16 is respectfully requested. This amendment merely embodies the correction of formal matters (i.e., correcting a clerical error based on clear antecedent basis) without changing the scope of the claims. No substantial amount of additional work is required on the part of the Examiner.

Respectfully submitted,
